ABOUT THE SWISS GOVERNMENT SCHOLARSHIPS

Through the Federal Commission for Scholarships for Foreign Students (FCS), the Swiss Government grants foreign researchers university scholarships (Swiss universities, Federal Institutes of Technology and Universities of applied sciences). These scholarships are offered on the basis of reciprocity (fixed number of scholarships for each country) or within the framework of a pool (scholarships without fixed distribution by country). They are intended for young researchers who have graduated from university (postgraduates). These scholarships will enable applicants to undertake research work in the fields in which the Swiss universities are particularly active.

Every country has a specific offer of scholarships. Please go to the FCS webpage in order to see which type of scholarship is offered to your country of origin.

>>FCS webpage >> http://www.sbf.admin.ch/scholarships_ENG

The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the applicant's country of origin. The Swiss diplomatic representation will then forward the **pre-selected applications** to the FCS for final selection.

1. SCHOLARSHIP TYPES AND DURATION (I)

1. SCHOLARSHIP TYPES AND DURATION (II)

1.2 Study location

The Swiss Government Scholarships are granted for research in one of the Swiss public Universities, Federal Institutes of Technology or University of Applied Sciences (See FCS webpage). The fine arts and music scholarships are granted for studies in the public music academies, as well as art and design schools.

The scholarship is valid only for full-time research in Switzerland. It is not valid for on-the-job studies, part-time studies, correspondence courses or mixed programs (part time in Switzerland and part time in another country).

1.3 Duration of the scholarship

The scholarships always start in September. (It is not possible to start the scholarship in the Spring Semester or any other time in the year).

1. SCHOLARSHIP TYPES AND DURATION (III)

1.4 Scholarship amount

Research Fellowships: 1'920.- Swiss Francs per month

PhD Scholarships: 1'920.- Swiss Francs per month

Postdoctoral Scholarships: 3'500.- Swiss Francs per month

Arts Scholarships: 1'920.- Swiss Francs per month

1.5 Semester tuition fees and Master fees for artists

The FCS does not pay for tuition and/or semester fees. In most cases the universities and the Federal Institute of Technology of Zurich ETHZ do not require scholarship holders to pay the semester fees (generally around 600 CHF per semester). In some cases the universities do not waive the PhD fees. Should the Universities and/or Universities of Applied Sciences and fine arts schools not waive the fees, it is up to the grantee to pay for the fees.

1.6 Insurance

According to the Swiss law, every resident in Switzerland must be covered by a Health Care Insurance (except for dental care). Usually, the scholarship holders are insured by the FCS. Scholarship holders from EU and EFTA countries have to have their European insurance card.

1.7 Travel expenses

Grantees from European and East / Central European countries pay for their own travel expenses to Switzerland as well as back to their country of origin.

Grantees from non-European countries pay for their own travel expenses to Switzerland, but the FCS pays an allowance (lump sum) for the return ticket at the end of the scholarship.

However, the return allowance will not be paid if scholarship holders extend their stay in Switzerland beyond six months after completion of their research, if they take up employment pending the continuation of their research or if they move to a third country.

2. PRECONDIONS TO APPLY (I)

2.1 Motivation and research interest

Applicants must have a clear research goal. They will have to provide with their application:

- For Research Fellowships, Postdoctoral Scholarships as well as PhD Scholarships: a complete research proposal (max. 5 pages), **using exclusively the official research proposal form** provided with the application package;

This document is a central piece of the application package. Please devote all the required attention to it!

Information on the universities, programs, and Professors can be obtained on the Internet sites of the Swiss academic institutions, on the portal Swissuniversity.ch and of the Rectors Conference of the Swiss Universities.

2.2 Supervisor for Research Fellowships, PhD Scholarships as well as Postdoctoral Scholarships

To have an eligible application package, the applicant wishing to undertake a research fellowship, a PhD scholarship or a Postdoctoral Scholarship must have a Professor in Switzerland willing to supervise his research project. A letter of invitation must imperatively be part of the application package.

Failure to have a supervisor will result in the rejection of the application by the relevant institution in the host country or by the Swiss Diplomatic Representation.

For PhD applicants only - PLEASE NOTE!

The FCS application for a PhD scholarship and the application for admission by a Swiss University for a PhD study are two separate procedures. The admission to a PhD study at your chosen Swiss University is a *sine quo non* for a potential attribution of a FCS scholarship - but no guarantee though for a positive decision by the Federal Commission for Scholarships for Foreign Students.

2.3 Cooperation between the home University and a Swiss University

Candidates submitting their applications within the framework of a cooperation program between their home academic institution and a Swiss University/Institution have a certain priority.
